DT-T6mini

11.6″ tactile order terminal

DNP
Photo Imaging

Taking self-service printing experience to the next level.

DT-T6mini is a desktop station designed for photo kiosk systems.

The order terminal enables end-users to prepare their order autonomously.
The new 11.6″ LCD multitouch screen offers an intuitive interface and
a comfortable new printing experience.

Customers can connect instantly any devices wirelessly or by cable, and put their phone
down on a secure anti-slip rubber pad. Creating amazing photo books[1], photo collages,
photo cards[2], calendars or greeting cards has never been more fun and easier.

Compact once folded, take it everywhere!
