DT-T9 LITE 1-YEAR GUARANTEE
DS620/DS820 2-YEAR GUARANTEE

Versatile concept for instant photo printing

The **DS-K50** is a complete solution comprising the **DT-T9 Lite** photo terminal and an elegant rack specially designed to house DNP printers, and to fit in with the style of your store.

The **DT-T9 Lite** terminal comes with the **SnapLab Pro** photo software, a simple, intuitive interface allowing you to offer your customers a wide range of quality photo products. The simple, efficient print management guarantees a smooth and agreeable user experience.

With the DS-K50, boost your **productivity** and make the most of the great **flexibility** offered by our broad range of print formats and types.

DS-K50

A wide range of products

Numerous photo formats and products

- ▶ Multi-format photo prints
- ▶ Panoramic prints
- ▶ Retro prints
- ▶ Frames
- ▶ Mix'n'Match
- ▶ Greeting cards
- ▶ Calendars
- ▶ Photo albums
- ▶ Photo cards*

Biometric identity photos (option)

- ▶ Analysis, verification and validation of compliance for identity photos with the official requirements of each country.
- ▶ Save identity photos to USB sticks.

*Requires a Fargo HDP5000 card printer.

Modular and customisable

The DS-K50 is specially designed to house **up to three DNP DS620 printers** thus offering maximum flexibility to meet your needs. One of the **DS620 printers** can be replaced by a DS820 printer to offer your customers larger print formats.

Customise the rack **to your brand requirements** by affixing stickers or magnetic Point-of-Sale Advertising. The software can also be customised.

Optimised for easy operation and maintenance

The rack is **secured** with a square key, and has a magnetic latch on the front. Each printer is placed on rails inside the unit, ensuring easy access for loading media and cleaning.

Fitted with four casters, the rack **can be moved easily and oriented**, thus simplifying the servicing and maintenance operations.

Made of metal, **with an elegant design**, the rack provides optimum, robust protection for the printers while guaranteeing efficient operation in every type of working environment whatever the circumstances.

SnapLab Pro full: an optimised software program

For the customer

- ▶ Easy to use
- ▶ Intuitive photo processing: choice of frames and filters
- ▶ Wire, WiFi and bluetooth connectivity
- ▶ Print monitoring

For the operator

- ▶ Ready-to-use solution
